

## *For A Princess (of the savannah)*

- 1 if the brightest shining star I am in your world  
then the purest, whitest light you are in my life
- 2 dainty and agile like a gazelle of the savannah  
Princess without pride, regal without airs  
so charming a soul that cannot be damned  
so precious a Jewel that cannot be priced
- 3 beforenow, herenow and afternow  
we live effused with our deathless memories
- 4 my ever-increasing dreams enwrapped within  
your super-enchanting rays
- 5 our pulses unruffled, our bonds radiant  
our glory amplifying, our union liberating  
our journey blessed, our path a trail for humanity
- 6 we live and we die and we are reborn  
we shine on for eons of eternity with neither  
a beginning nor a pause nor an end
- 7 yes, this I know to be truly so,  
even though we met only in brief...
