

To The One

- 1 lullaby my name at dusk
kiss me good night at bedtime
smile sweetly at me in dreamland
- 2 perish my fears as your singing heart
serenades mine with cadences of the soul
- 3 caress my psyche with your temperate breath
as my sleep deepens into the night
- 4 amuse my ear with musical whispers before
the muezzin calls the faithful at dawn
- 5 then let the day break restfully at ease
- 6 and you may damn me if I do not rule my world
with grand glory like a newborn sun-god!
